## Product Benefits

Convenient freezer-to-fryer form allows reallocation of labor by reducing cleanup time and eliminating the breading process for you. Prebreading provides uniform coverage, consistent product appearance, reduces breading loss and increases usable life of fryer oil. It also offers you substantial savings on breading ingredients. Individually frozen pieces reduce waste allowing you to use only what you need and are easy to handle back-of-the-house. Homestyle breaded with a medium brown crunchy appearance, and a wheat flour base breading with corn, salt, and onion seasoning. Medium salt level.
