## **Product Benefits**

This product offers top-of-the-line quality at a moderate price. Grade A Shrimp are coated, tails cleaned and hand packed.

## **Preparation**

In deep fryer, heat oil to 350F. Add shrimp, shaking baskets to prevent shrimp from adhering. Fry for 3 to 4 minutes. NOTE: The correct oil temperature is very important to insure proper browning. If thermometer is unavailable, test oil temperature by dropping in a few pieces of loose breading into the oil. Oil is hot if bread crumbs immediately sizzle and float to top. Always allow oil to reheat before adding additional shrimp.

Suggestions:*

- Serve the shrimp with the unique, delicately crisp crumb coating that is the standard for excellence in Japanese as well as American cuisines...never hard, tough, greasy or soggy.
- Great for any menu concept.
