

2-4z Alaskan Pollock-Arctic

PRODUCT DESCRIPTION

Alaska pollock is a member of the cod family and has a mild cod-like taste, white flaky meat and a delicate texture. This economical mild whitefish with small flakes is the perfect staple for great fish and chips. It is widely used in the foodservice sector as a premium whitefish option.

- Specialized hand cut custom portions
- Private labeling

Preparation

- Keep Frozen (0° F - 18° C)
- Thaw before cooking

To thaw, open, refrigerate for 8-10 hours

*Serving
Suggestions:*

Alaska pollock has a mild taste, white meat and lower oil content. The flakes are quite small and well suited for fish and chips and similar dishes. Alaska pollock is the prized ingredient used worldwide in value added meals in many fast food restaurant chains.
