Product Benefits

- Delivers consistent flavor and quality
- Carefully selected ingredients help balance flavor, cost, and texture without sacrificing quality. All-meat - no extenders added.
- Made with 30% beef, which is higher beef content than other pepperoni, so it is labeled as “pork and beef.” Because this product has a greater amount of beef, it minimizes greasing out.
- Goes through a state-of-the-art drying process so it will resist cupping and charring.
