## Storage/Shelf Life

OPTIMAL SHELF LIFE 180 DAYS STORED AT 0°F

## Packaging Qty

1, 30 ct

## Piece Count

30 per case

## Product Benefits

- Delivers consistent made-from-scratch flavor and quality while reducing labor for prep and cleanup.
- Consistently yields delicious thin-crust pizzas and provides optimum convenience with the option of adding toppings from frozen for quick preparation.
- Carefully selected ingredients help balance flavor, cost, and texture without sacrificing quality
- Longer shelf life.

## Preparation

Handling and Baking Instructions: 1. Keep frozen until ready to use. 2. Place on oiled, covered pan in cooler overnight and warm at room temperature for 1-3 hours. Longer time makes thicker crusts. 3. Preheat oven to desired temperature. 4. If blistering occurs, it can be avoided by docking or more time at room temperature. 5. Add toppings and bake until crust is golden brown. Times and temperature may vary with differences in ovens. Oven Type Temperature (F) Time (min) Conveyor 475- 500 5-6 Convection 375 10-15 Home 450 12-15 Deck 500 8-10
