*Serving
Suggestions:*

Use as gravy

Storage/Shelf Life

180 days 50°F to 90°F

Packaging Qty

12, 6.5 oz

Piece Count

Approximately 408 servings per case

Product Benefits

Scratch-made appeal, Versatile, Easy Preparation, Consistent Performance

Preparation

Simmering - POUR 2 quarts hot water (165°F-195°F) into a 4 to 6 quart container. ADD dry mix gradually, while stirring vigorously with a fine wire whisk. Continue to stir vigorously for 1 minute or until dry mix is dissolved. ALLOW gravy to stand for 3 to 5 minutes. STIR vigorously again with a wire whisk. POUR gravy into serving container and maintain internal gravy temperature at 165°F during service.
