

Hd Natural 38x60 60 Gal 16 Mic

PRODUCT DESCRIPTION

Heavy duty 60 gallon waste can liners

Dilgard Item #
86928

Vendor Item #
MR38603MC

Packaging Qty

8, 25 CT

Piece Count

200 can liners per case

Product Benefits

High Density Mini-Rolls provide answers to questions of environmental responsibility as well as cost efficiency. The unique blend of first grade high molecular weight High Density Polyethylene and LLDPE resins is puncture resistant, possesses impressive film strength and performs under temperature extremes of -40°F to 212°F. The high molecular weight of the High Density Polyethylene resin allows us to produce can liners that are approximately one-third the weight of traditional can liners with the same capacity. A lower weight bag of superior strength means less material is being used in production, making the High Density Mini-Roll a good choice when searching for a product sensitive to source reduction responsibility.

Usage

Suggestions:

Intended for use as a trash can liner
