Product Benefits

Cuts the Tough Grease Others Can Leave Behind

High surfactant formula seeks out greasy soil, cuts through it, surrounds the removed soil, and lifts it out of your way.

Optimal blend of five different surfactants provides the power to cut and emulsify grease.

Designed to be mild.

Calcium/magnesium counter ion technology increases the packing of surfactant molecules at the grease/water interface to give Dawn world-class grease-cutting power.

Concentrated-use 1 to 3 fl. oz. per 10-gallon sink
