

Product: 05610
Description: POTATO B-RED
Packaging: 50# CS
097000000

Description

Red potatoes are often referred to as "boiling potatoes." They have a waxy flesh that contains less starch and more moisture than other types of potatoes making them better suited for boiling than baking. They are also good for roasting and frying. Red potatoes are also the second main ingredient in our recipe of the month - Braised Beef with Red Potatoes!
