CURDS**

Natural White CHEDDAR CHEESE CURDS

From the Cheese Curd Capital of Wisconsin, Ellsworth Cooperative Creamery Natural White Cheddar Cheese Curds taste like no other because they are crafted with only rBST free milk from our 450 family farms throughout Wisconsin and Minnesota.

Our unique packaging process produces the freshest tasting curds, tested to have a shelf life that exceeds 6 months when kept refrigerated and unopened. The oxygen is taken out of the bags - yet the cheese remains loosely packaged. The longer the cheese remains inside the sealed/unopened package the more enriched the cheddar flavor becomes.

The health-conscious consumer will appreciate they are crafted using the highest quality farm certified rBST free milk. They are also high in calcium and protein, contain no added sugars, no carbs, zero trans fats, and are gluten free (except Taco flavor).

Available in:

- 5 ounce sealed retail packaging (Natural, Cajun, Garlic, Ranch and Hot Buffalo flavors)
- 1 pound sealed retail packaging (Natural, Cajun, Garlic, Ranch and Taco flavors)

Cheese Curd Flavors Include:

- Natural
- Cajun
- Garlic
- Ranch
- Taco
- Hot Buffalo
