Storage/Shelf Life

Hold at or below 0° F

Packaging Qty

1, 10 lb

Preparation

Cooking times may vary. All times based upon fully thawed product unless otherwise noted. Serving and holding temp should be minimum 140°F.

Convection oven Preheat oven to 350°F. Place thawed links on a sheet tray, add 2 cups of water and bake 12-14 minutes.

Roller grill

Roller grill setting should be at 6-1/2 (to equal approximately 185°F grill temp). Links will take 20-25 minutes to reach internal temperature of 140°F (frozen links about one hour). Once links are heated, turn down to about 160°F grill temp to hold. Do not hold product for more than 3 hours.

Steamer cart

Place links in a pan with a false bottom. Place pan into pre-heated steamer, on high (212°F water temp) for 30-35 minutes, or until 140°F internal temp is reached. Turn unit down to medium or hold (145°F to 165°F water temp) Hold no longer than 4 hours
