

Dilgard Produce

PRODUCT DESCRIPTION

Grapefruit, Red

Pk/Size

1, 40 ct

Dilgard #

P04690

Grapefruit Facts:

Good quality Pink Grapefruit will have smooth, firm and shiny skin. Pick fruit that is medium to large and heavy for its size. Most red or pink grapefruit will have a rich yellow coloring and a slight rose colored blush to the skin, while others will be yellow. Some varieties will "re-green" if they remain on the tree long enough. This means that color does not indicate ripeness, nor does it affect the flavor or quality of the fruit.
