

Dilgard Produce

PRODUCT DESCRIPTION

Cabbage, Red 5#

Pk/Size

1, 5 lb

Dilgard #

P04894

Cabbage Facts:

Good quality product will be semi-solid, well-rounded and fairly heavy in relation to size. Even dark-red coloring means good flavor and vitamin content. Fairly thick and pliable leaves will be more tender and juicy. Avoid cabbage that has thin, wilted leaves which are a sign of old product. Light-colored heads that are very solid mean all core and less taste. Oblong and cracked heads mean poor quality from growing conditions.
