

# Dilgard Produce

## PRODUCT DESCRIPTION

Bananas, Petite 150Ct

## Pk/Size

1, 40 lb

## ***Dilgard #***

***P99047***

## Bananas Facts:

Depending on your preference for ripeness, bananas should have even coloring except for the tips (which may be slightly green on a ripe fruit). Small to medium-sized bananas are often thought to have better flavor, but this is not always the case. Do not refrigerate bananas until they are ripe. When you put them into the refrigerator they will turn black, but the insides will ripen slower.
